

CLAIMS

I claim:

- 1 1. A prayer cushion, comprising:
2 an insert member, the insert member having rounded first and
3 second ends, the ends tapering to a mid-portion, the insert
4 member being configured in a peanut-shape;
5 at least one layer of a flexible wrap material, the insert
6 member being encased and sealed in said flexible wrap material;
7 a soft, decorative casing, the casing being configured in a
8 peanut-shape; and
9 means for removably inserting the insert member inside the
10 decorative casing.
- 1 2. The prayer cushion as recited in claim 1, wherein said
2 insert member is fabricated from high-density foam.
- 1 3. The prayer cushion as recited in claim 1, wherein said
2 flexible wrap material is fabricated from a polyester material.

1 4. The prayer cushion as recited in claim 1, wherein said
2 decorative casing has a planar rear face and said means for
3 removably inserting includes a zippered opening on said planar
4 rear face.

1 5. The prayer cushion as recited in claim 4, further
2 including a small pocket attached to said planar rear face.

1 6. A prayer cushion, comprising:

2 an insert member fabricated from high-density foam, the
3 insert member having rounded first and second ends, the ends
4 tapering to a mid-portion, the insert member being configured in
5 a peanut-shape;

6 at least one layer of a flexible, polyester wrap material,
7 the insert member being encased and sealed in the wrap material;

8 a soft, decorative casing, the casing being configured in a
9 peanut-shape; and

10 means for removably inserting the insert member into the
11 decorative casing.

1 7. The prayer cushion as recited in claim 6, wherein said
2 decorative casing has a planar rear face and said means for
3 removably inserting includes a zippered opening on said planar
4 rear face.

1 8. The prayer cushion as recited in claim 7, further
2 including a small pocket attached to said planar rear face.

1 9. The prayer cushion as recited in claim 6, wherein said
2 insert member has a length of approximately twenty-one inches and
3 a thickness of approximately two inches.

1 10. The prayer cushion as recited in claim 9, wherein said
2 first and second ends respectively have a width of approximately
3 ten and one-half inches and said mid-portion has a width of
4 approximately seven and one-half inches.
